Fat not resolved by diet,
Make it Simple!

Mini-Liposuction

Simply! With Mini-Liposuction!
Just pick and let's be Skinny!

AILIN Body Contouring, Core Competency!

01

It is Possible the selective fat removal!

1: 1 custom design

You can remove the fat by selecting the desired site, and the skin can be corrected to a smooth and resilient shape without ruggedness.

02

Minimized tissue damage! Safe operation!

We carefully analyze patient's body shape, age, skin, and fascia status. Even the fat near the skin can be delicately removed, minimize tissue damage and prevent skin sagging.

03

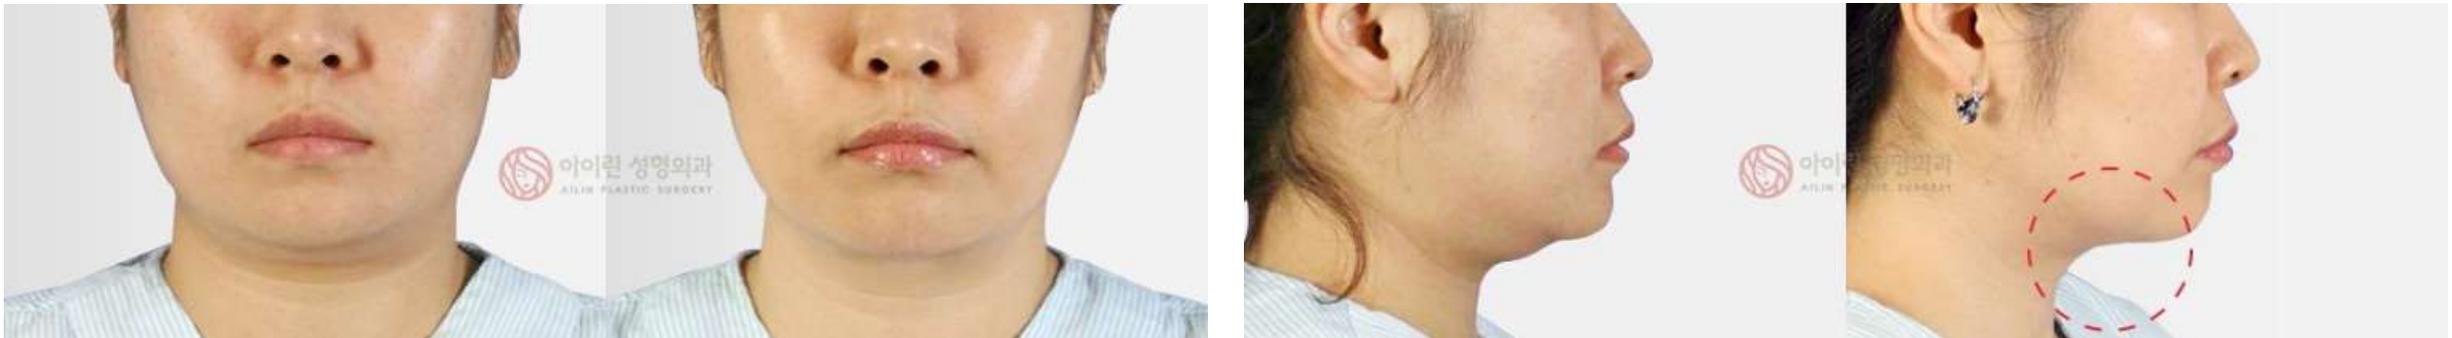

Less swelling and Scar! Definite Effect!

Less swelling due to shorter operation time, fewer scar with tiny incisions and faster recovery.
